1. Welcome-
2. **Review of UCAS and Draper Winter Benchmark Scores**
 - <http://www.schools.utah.gov/main/>
 - New this Year: the Utah Comprehensive Accountability System (UCAS). UCAS will replace both the Federal Government's No Child Left Behind System (NCLB) as well as the old State Government's Utah Performance Assessment System for Students (U-PASS). We are still learning about UCAS and how this new system will be reporting school accountability. There is a progress component and a proficiency component.
 - The CRT test does not match the current core that is being taught. This misalignment means that it is unlikely that scores will be accurate until 2015 when the CRTs align with the new Common Core.
3. **Land Trust for 2013-2014**

Looking at scores and needs, where would we like to focus our money?
4. **School Safety & Safe Walking Plan**

Hazardous Bus Routes
5. **School Community Council Bylaws**
