Meeting Agenda:

1. Prior meeting minutes' approval Janene Day
Christy moved to approve; Mike seconded
2. Safety Drills Christy Waddell
 - a. Escape- just with teachers. Talk about active shooter situation.
 - b. January within the first 10 days we have to do a fire drill with escape. Trying to do it on Jan 7th, but if weather is bad we will postpone.
3. Review Budget for 2019-2020 School Year Christy Waddell
District approved Second Steps purchase.
Christy continues to have a hard time hiring aids; so we are currently under budget. We can carry over around 10%. If we have more than that they won't take it from us, but we have to have a plan as to how to spend it.
We have some technology we could spend money on- such as iPad carts and Chromebook.
4. Kindergarten- Next year we will have five sections of Kindergarten instead of four. One will be full day. It means two classes will have to go to portables. Staff would have to move anyway. Research suggests full day is good for kids. And will fit some of the families in our area.
5. CSIP and Land Trust Plan 2019-2020 Christy Waddell

Nothing that we are working on until the first of the year. On January 2nd, they will announce how the schools did – accountability for school. So we can discuss this next meeting.

6. Professional Development Expenditures Christy Waddell
The one thing we are going to continue doing is the professional development the district offers. I will pay the teachers a small stipend to attend.
One thing we were thinking about doing, because we can't hire aids, to have some before school or after school tutoring with math. We could pay them their hourly rate, which is more than a stipend. I just have to work with Emily Russo. She will come up with a plan on how to go about that.

7. School Safety – Safe Walking Route Update Stacey Shaw
Christy passed out form that she will have to fill in to submit safe access plans in January.
Stacey will email copy of the document she and her subcommittee came up with.
See document.
Jen mentioned Draper city officials said to communicate problems with the city about new road.

8. Angie asked for suggestions on how to incentivize Districts and Cities to work together.
