

Draper Elementary SCC Meeting Minutes

Tuesday 03/17/2020 – Meeting held via Video Chat

In Attendance:

Janene Day (chair, parent)
Jen Morris (secretary, parent)
Angie Stallings (parent)
Stacey Shaw (parent)
Sarah Cole (parent)
Lisa Wright (parent)
Marianne Barrowes (parent)
Mike Weaver (parent)
Christy Waddell (principal)
Katie Tinoco (employee)
Madison Ellingson (co-chair, employee)
Emily Russo

Not Present:

Mary Anderson

Meeting Agenda:

1. Prior meeting minutes' approval Janene Day
Via video chat – all members approved the minutes.

2. DPMS Honors Classes Discussion Mary Anderson
 - a. Not Present

3. Safety Drills Christy Waddell
Fire Drill is this month. Next is Earthquake. If we are here. The educators have an app that they have practiced. It allows us to communicate during an emergency or send an alert if needed. It allows communication without a widespread announcement. The question was asked what to do with substitutes. Probably the team lead would be the one to tell a substitute. Still Practicing.

4. Review Budget for 2019-2020 School Year Christy Waddell/Emily Russo
The TSSP was signed to take money to pay for iPads and iPad carts to allow first grade to have enough. Our land trust money is in a good place. Only ones required to be at school are Christy, Fano and Marion. But Marion is part of an at risk population, so she will be limited. The district is allowing Aides to be paid during leave so that will still be a cost.

5. Land Trust and TSSA discussion Christy Waddell/Emily Russo

(Same goals for Land Trust and TSSA)- We can't tie money to anything without a goal, so we have goals for Math, ELA, and Science.

In ELA about one fourth of students are not proficient. Our goal is to have an 8% improvement school-wide.

32% of students are not proficient in RISE. 19% are not proficient in math according to Accadence We have a goal to increase proficiency in this area by 8% as well.

Rise Science measures that 35% of our students are not proficient. Our goal is for 90% percent of teachers to be using the new science standards using adherence to the indicators.

School Climate Goal- There is a measure of 38% internal and 27% external at-risk behaviors. We are going to focus on restorative practices and Second Steps social emotional learning curriculum. We are going to measure with check lists and walk through observations.

6. School Safety – Safe Walking Route Update Stacey Shaw

Christy will note our Safety efforts in a newsletter so that parents know we are paying attention to what they said, and we will address the district/city with additional thoughts once the pandemic subsides.

Future Meeting Dates 2019-2020

- Tuesday 4/21 at 3:00
- Tuesday 5/19 at 3:00 (optional)

****All meetings held in the library****
